April 1, 1999

Dear Valued Customer:

It is with great pleasure that on March 31, 1999, Cooper Cameron Valves signed an exclusive Technology and Trademark Licensing Agreement with Energy Steel & Supply Co. of Auburn Hills, MI. This agreement covers the exclusive manufacturing rights of the complete line of WKM® replacement parts for nuclear applications.

Cooper Cameron has been looking for the right company for some time and knows Energy Steel has the commitment, experience and technical capability to manufacture these parts. Energy Steel has been a supplier to Cooper Cameron for many years and has established an excellent track record.

This agreement will allow Energy Steel to furnish a substantial backlog of replacement parts for our WKM® customers. Utilities are requested to send all inquiries, effective immediately, to Energy Steel & Supply Co. direct to:

Tel: 248-377-4990
Fax: 248-377-2338
e-mail: sales@energysteel.com

On behalf of Cooper Cameron and Energy Steel, thank you for your past support and we look forward to a stronger future.

Sincerely,

A handwritten signature in black ink that reads 'Bill Godare'.

Bill Godare
